Number SE00372LA

This certificate, issued to Aero-Engines, Inc.
3033 N. Coolidge Avenue
Los Angeles, CA 90039

*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * of the * Regulations.* *

Original Product — Type Certificate Number: * See attached FAA Approved Model List (AML)
Make: No. SE00372LA for list of approved engine models
Model: and applicable airworthiness regulations.

Description of Type Design Change: Installation of a Jacobs shielded ignition harness on Teledyne-Continental Motors engine models per Aero-Engines, Inc. Master Drawing List AEIMDL01, revision 4, dated May 19, 1997 or later FAA approved revision. This installation must be done concurrently with STC SA00373LA which installs the modified engine on an aircraft.

Limitations and Conditions: The approval of the change in type design applies to the basic engine of the specified models that are otherwise unmodified. This approval should not be extended to other specific engines of these models on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effects upon the airworthiness of that engine. The STC holder will provide a written permission statement to each person it authorizes to use this certificate to alter the product.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
